

# THE NEWS BOWDEN

VOL II No. 34

BOWDEN, ALBERTA, CAN. THURSDAY, MARCH 14 1912

PER YEAR 100

## Local News

All the latest in Edison Records Perrins.

Mr. Sam Arnold went to Calgary on Sunday evening on business.

Mr. Leslie Bernard made a short visit to Lacombe last week.

Mr. Jas. Hayward of Innisfail was in town between trains on Tuesday.

Inspector Aylesworth paid the school a visit in his official capacity on Tuesday.

Mr. Donald Swain has accepted a position as clerk in Messrs. Howard and Morfitts store.

Miss Ethel Hayden of Lacombe who has been the guest of Mr. and Mrs. Leslie Bernard for the past week has returned home.

Rev. F. E. Davies will preach in the Bowden Methodist Church this Sunday at 7.30. Subject: "Gentle Giants". The orchestra will lead the singing.

## Patterson-Bryenton

The home of Mr. H. W. Luckhardt, Red Deer was the scene of a quiet and pretty wedding on Tuesday, March 12th when Miss Georgie F. Bryenton, Bowden was united in marriage to Mr. John Patterson of Calgary. The ceremony was performed by Rev. Mr. Howard of Calgary.

The bride was unattended and was charmingly gowned in old rose silk with cream lace trimmings and wore lilies-of-the-valley. After the bride and groom had received congratulations of all present a sumptuous dinner was served, the table decorations being white tulips, carnations and smilax. The wedding presents were numerous and beautiful noticeable among them being an illuminated address and silverware presented by the Bowden Methodist Church in appreciation of Miss Bryenton's work in the Sunday School and choir. In the evening Mr. and Mrs. Patterson left for their home in Calgary, the bride wearing a blue tailored suit with hat to match.

Their many friends unite in hearty good wishes for their happiness.

In the absence of Rev. Wm. Chalmers on Sunday last Mr. Henry Munroe occupied the pulpit.

Presbyterian Church services next Sunday will be conducted at Lone Pine 11.30, Bowden 3 p.m. Subject: "The Necessity for Carmel".

The new spring tail novelty. Latest thing out in post cards; Easter cards, birthday cards a great variety, all sorts of cards at Perrins.

The Anniversary Services of the Methodist Church will be held on March 31st both morning and evening. Fuller announcement will be made next week.

Mr. and Mrs. Chas. Johnston and family who spent the past three months in Ontario visiting relatives there returned to Bowden Wednesday morning.

Next Monday evening, March 18 a Social will be held in the Methodist Parsonage. Music, games and refreshments. Everybody welcome. No charge will be made but a collection will be taken for the Connexional funds. A pleasant evening for all who wish to come.

Mr. C. Shore and Miss C. Shore of Corund Man. were the guests of Dr. and Mrs. Shore for a few days this week. Mr. and Miss Shore are returning home from an extended tour of British Columbia and the coast cities.

## A New Industry for Bowden

On Tuesday last the White Swan Creamery became the property of the Laurentia Milk Company of Alberta Limited, head office Red Deer and with the transfer one of the most modern industries is assured for Bowden as well as the equestrian inter urban cream lines which our neighbors in Olds are using as a boom to their real estate market. This company has already made arrangements for the establishment of plants at Sylvan Lake and Red Deer.

We need not hesitate to place all confidence in this company which is capitalized as the largest dairy industry in Alberta. At its head as president is Mr. W. W. McLaren whose name is so well known throughout the entire Dominion and Gt. Britain, from the famous "McLaren's Cheese" and other products. The managing director for Alberta and British Columbia is Mr. T. B. Millar of Red Deer. Mr. Millar had wide experience in the dairy industry, having been instructor in cheese making at the Guelph Agricultural College in Ontario for about eight years; he was also an extensive cheese buyer in Eastern Canada for the Liverpool markets.

The Laurentia Milk Company propose to manufacture Homogenized milk and cream at their Bowden plant which will continue under the management of Mr. Fred H. Hunter. For Bowden this will mean the renewal of the home milk market which for the past two years has suffered from Calgary competition. Although Mr. Hunter will pay competitive prices with the Calgary market the farmers may feel assured that good prices will be maintained throughout all seasons of the year.

By the first of May the new machinery for the plant will arrive in Bowden and the plant will be in full operation as its installation is completed, which is expected about the middle of May. In the meantime as soon as the supply will permit cream will be received for buttermaking purposes at the creamery and the highest market prices will be paid.

Homogenized milk is an entirely new product to the Westerners although the people in Ontario have learned in the past two years to appreciate milk and cream treated by the homogenization process which briefly stated is:

forcing the fresh milk under high pressure through capillary tubes no larger than a hair. This breaks the coverings of the globules of cream and caseine and permits the

Continued on Page 8

Mr. A. Hawkins and Charlie Adams left on Sunday evening for Calgary where they will seek employment.

The local supporters of the Socialist Party of Canada are having Mr. Budder of Calgary to address them in Shilo School house on March 11th.

The town of Acme was almost totally destroyed by fire on Tuesday morning. The loss of property is estimated at about \$125,000 covered by insurance to the extent of \$90,000. It is thought that the fire was started by an incendiary as the flames were first discovered in an unoccupied bunk house near the hotel. The high north wind which was blowing soon spread the flames to the surrounding buildings and the efforts of the whole town in trying to stop the conflagration were fruitless. About all the main business firms in the town suffered by the fire "devil"

Limited, Hamilton, Ont.

### None of the Symptoms

"Doctor," said the sick man, "I'm  
afraid my nerves are in a bad condi-  
tion." "Oh, no," replied the physician,  
"that's not what is the matter with  
you. The fact that you have sent for  
me after ignoring the statements I've  
been sending you regularly during the  
past year and a half indicates that  
your nerve's all right."

Actor.—What, back so soon? Didn't  
the play take?

Actress.—Yes, the play took; the  
manager took the receipts, the bail-  
iffs took the scenery, the landlady  
took the trunks, and the author took  
to drink.

Browne.—Did you ever see a man  
who really wanted the earth?

Towne.—Oh, yes.

Browne.—Who was he?

Towne.—A first class passenger on  
an ocean liner.

## NERVES

Young and old have  
them. Some abuse them.  
They get tired, starved.

**SYMPTOMS:—Loss of  
sleep and appetite, in-  
digestion, irritability,  
eventually wrecked con-  
stitution.**

Alcoholic remedies  
stimulate only.

### Scott's Emulsion

soothes and nourishes,  
feeds the nerves. A  
natural nerve-food, con-  
taining the salts of Hypo-  
phosphites, Iodine and  
Glycerine.

**NO ALCOHOL.**

**Insults Would Cease**  
"The tip is an insult," says the Chi-  
cago Record-Herald, "insulting the  
waiter then is what keeps travelling  
men poor."

**A Purely Vegetable Pill.**—The chief  
ingredients of Parmelee's Vegetable  
Pills are mandrake and dandelion, se-  
dative and purgative, but perfectly  
harmless in their action. They clean-  
se and purify and have a most health-  
ful effect upon the secretions of the  
digestive organs. The dyspeptic and  
all who suffer from liver and kidney  
ailments will find in these pills the  
most effective medicine in concen-  
trated form that has yet been offered  
to the suffering.

"And what happened in the inter-  
im?" a solicitor asked a witness in a  
public house case.  
"I don't know, sir," was the reply.  
"I didn't go into the interim. I stayed  
all the time in the smoking room."

**Minard's Liniment Relieves Neuralgia.**

"Twenty years ago, Blank was a  
great man," commented one man to  
another. "Then he caught sight of  
himself in a mirror, and he liked what  
he saw so well that he has stood still  
contemplating himself ever since. To  
be too easily pleased, and too soon, is  
one insidious foe of largest success."

**HOW'S THIS?**  
We offer One Hundred Dollars Reward  
for any case of Catarrh that cannot be  
cured by Hall's Catarrh Cure.

We, the undersigned, have known F. J.  
Cheney for the last 18 years, and believe  
him perfectly honorable in all business  
transactions, and financially able to carry  
out any obligations made by his firm.  
Walding, Kinnan & Marvin,  
Wholesale Druggists, Toledo, O.  
Hall's Catarrh Cure is taken internally,  
acting directly upon the blood and muc-  
ous surfaces of the system. Testimonials  
sent free. Price, 75c. per bottle. Sold  
by all Druggists.  
Take Hall's Family Pills for Consti-  
pation.

It has been estimated that the av-  
erage emigration from Great Britain  
is eight hundred and eighty persons  
a day.

Regarded as one of the most pot-  
ent compounds ever introduced with  
which to combat all summer com-  
plaints and inflammation of the bowels,  
Dr. J. D. Kellogg's Dysentery Cordial  
has won for itself a reputation that  
no other cordial for the purpose can  
aspire to. For young or old suffering  
from these complaints it is the best  
medicine that can be procured.

"Are you first in anything at school,  
Earle?"  
"First out of the building when the  
bell rings."

### A Clean Sweep

"I hear you had a triumphant sum-  
mer, made a clean sweep."  
"I may say I did," responded the  
belle of the beach. "On the way to  
the station, I even became engaged to  
the driver of the bus."

**Shiloh's Cure**  
quickly stops coughs, cures colds, heals  
the throat and lungs. 25 cents.

Mother.—Just run upstairs, Tommy,  
and fetch baby's nightgown.

Tommy.—Don't want to.

Mother.—Oh, well, if you're going  
to be unkind to your new little sister,  
she'll put on her wings and fly back  
to heaven.

Tommy.—Then let her put on her  
wings and fetch her nightgown.

**Only One "BROMO QUININE"**  
That is LAXATIVE BROMO QUININE.

Used the World over to Cure a Cold in  
One Day. 25c.

"Didn't you cry at all during the  
performance of that pathetic play?"  
"No," answered the reposed girl; "I  
couldn't think of such a thing." "But  
the young woman with you wept cop-  
iously." "Of course, her lace handker-  
chiefs are ever so much prettier than  
mine."

## NERVES AT HIGH TENSION

Necessary in This Age of Keen Com-  
petition and Great Accomplish-  
ment.

When the Body Fails to Support the  
Brain Seek the Help of

### DR. CHASE'S NERVE FOOD

Nervous people are the salt of the  
earth. The great men and great  
women are usually those of nervous tem-  
perament.

But it takes an enormous quantity  
of blood to supply energy to the great  
brain or a highly tensioned nervous  
system.

Digestion fails because nerve force  
is lacking to control the flow of diges-  
tive fluids. A little extra excitement  
is followed by the agony of a sleep-  
less night. You are easily irritated  
and lose patience, you lack the re-  
serve force which is necessary for suc-  
cess and to ward off disease.

Unfortunately nervous diseases do  
not right themselves, and since your  
digestive system fails to supply suf-  
ficient nourishment you must seek ex-  
ternal assistance such as Dr. Chase's  
Nerve Food.

This great food cure is not a nar-  
cotic to deaden the nerves. It is not  
a stimulant to whip up the nerves to  
renewed effort.

Dr. Chase's Nerve Food feeds the  
feeble, wasted nerves back to health  
and vigor. It floods the nervous  
system with new rich blood, the only  
substance from which nerve force  
can be made. Fifty cents a box, 6  
for \$2.50 at all dealers or Edmanson,  
Bates & Co., Limited, Toronto.

### This Food-Tonic Quickly Restores Strength

After a serious illness, ordinary food should  
be supplemented by a strengthening tonic.  
For this purpose

### NA-DRU-CO Tasteless Cod Liver Oil Compound

is recommended very highly. In its prepara-  
tion the disagreeable flavor of the natural  
Cod Liver Oil is entirely removed, while its  
well known nourishing and tissue-building  
qualities are retained. Then we add Hypo-  
phosphites to build up the nerves. Extract of  
Wild Cherry (for the Lungs and Bronchial  
Tubes), and Extract of Malt (a food itself)  
which aids in the assimilation of other foods.

Children in particular enjoy the pleasant  
flavor of Na-Drü-Co Tasteless Cod Liver Oil  
Compound, and quickly regain health and strength  
when Nature is aided by this natural food-tonic.  
Your Druggist has it in 50c. and \$1.00 Bottles.

**National Drug and Chemical Co.  
of Canada, Limited.**

THURSDAY MARCH 14th, '12

## Council Meeting of 17-W-4

There is an agitation among the local foot ball enthusiasts for the organization of a club in Bowden this summer. It seems that there are now a sufficient number of foot ball players residing in and around town to insure a fairly strong team. There is no healthier form of exercise than football as in playing the game every muscle in the body is brought into use. All those who have played the game or any one interested are requested to have a talk with Mr. T. J. Lancaster or Mr. D. Swain.

The Council met at the call of the Secretary all councillors being present the minutes of previous meeting were read and adopted. Sec. was instructed to write Mr. Boulden in regard to gopher poison purchased last year.

The following bylaws were passed No. 1 Authorising each councillor to purchase necessary supplies needed for his separate division. No 2 All owners of land residing or occupying land of their own may work out taxes for 1912 but not on land leased or rented. Resident renters not owning land may work out taxes which they occupy.

Moved by Turnbull seconded by Bookless that Mr. A. Boetgar councillor for div. 1 be allowed to purchase and make arrangements with Fred Farrar in regard to the road which will have to be made on his land, also to use his own judgement as to whether a steel culvert or a wooden bridge on Spruce Coulees between 6-8 and 9 T. 33-R. 27-W 4, be the best to use. Carried.

Motioned by Smith sec. by Smith that the road over-er when over-seeing and running grader be paid \$3 a day. Carried.

Bills allowed and ordered paid;  
E. Christie supplies for sec. \$10.75  
Gunson and Son div. 2 plow 4.50  
J. Shauffer div. 2 blacksmith 4.65  
Christie and Bernard 3.25  
W. Dargie, returning officer 10.00  
B. O. Sannes salary acc. 25.00  
Bowden News print. elec. sup. 8.50

Motioned by Turnbull sec. by Smith that all arrears not paid before April 1st 1912 be given to collector. Carried.

Moved by Turnbull sec. by Bookless that the council adjourn till the 26th of June. Carried.

B. O. Sannes  
(Sec. Treas)

Miss Lulu Dial has returned home from the Mountain House again.

Mr. and Mrs. Cone visited at Mr. H. A. Langleys, Caroline yesterday.

Oscar Coleman seems to be having quite a time getting his sawing outfit. Hurry up Oscar.

Many local residents are taking advantage of Mr. McRandals saw mill at Caroline and are having their lumber permits cut.

## A New Industry for Bowden

(Continued from Page One)

contents thereof to be evenly distributed throughout the entire body of milk. The cell-like formation of the cream particles renders it an easy matter to separate them from the milk by the use of a separator and by rising to the top they can be skimmed off with a spoon. By breaking them up they form with the milk a homogenous mass so that they can never be recovered by the use of the most powerful separator and can never rise to the surface to be skimmed off. This gives to milk, so treated the fine flavor of thin cream and it insures that no unscrupulous middle man can take any cream therefrom.

After being sterilized homogenized milk can be kept in sealed bottles and cans indefinitely and is therefore far superior to condensed or evaporated milk with their boiled taste which is so disagreeable to most of us. Climatic or other conditions have no effect upon it when so sealed so that its use is as well adapted to localities where fresh milk is unattainable as it is in places where there is an abundant supply.

Besides being much more nutritious and palatable than milk as ordinarily produced, the homogenized variety has much to commend it from a medical point of view. It contains no bacteria when sterilized and closely approximates the qualities of mother's milk, so that it is particularly adapted for babies. Infants which have been weaned from the breast also thrive upon it as do persons of more mature growth.

CHAPTER XI

A Warning

"Now, what do you mean by haunted, Mrs. Gutenberg?"

Mrs. Gutenberg was an unimaginative barmaid, who had married a German public-house manager. She was not from Dorset nor did she have any of the Dorsetshire temperament or the Dorset traditions.

"Well, sir, you must know what haunted means as well as me," she answered Harry tartly. "The Manor House is a tumbledown old place, as anyone can see, and there are no end of stories about the people who once lived in it. And not nice stories, either! Mrs. Anning sells good milk and butter, but it's all she can do to keep a dairymaid, pay 'em what she will. Why, they won't even sleep in the house and she has to board 'em in the village. No one sleeps at the Manor Farm but Mr. and Mrs. Anning and their children, and a sort of grinning idiot that hangs about the place, the mere sight of whom is enough to turn the milk sour."

"Is that Sammy?"

"They call him Sammy, but that's what they name all idiots in these parts. The woman who helps Mrs. Anning in the rough work of the house sleeps over the stables with her husband, I tell you sir, not a man or woman will stay in the Manor Farm at night."

"Yet I understood that they have had lodgers two summers?"

"One lot was before my time, so I can't answer for them," said Mrs. Gutenberg. The others, that were here the summer before last, were an artist's family. Whenever he wasn't painting he was in our bar, and the four children were scampering about the fields with the young Annings. But his wife came over to me and told me the noises in the place were something unearthly, and that she wouldn't sleep alone there if you were to give her her weight in gold. The end of it was they left in hurry because their eldest boy, a lad of fourteen, had a fit and screamed and shrieked for hours because he said the ghost of a monk had tried to strangle him. And sure enough, there were marks like fingers on his throat, for I saw them myself."

"Probably he had a fight with that creature they call a natural."

"Not he, sir. They got on well enough with Sammy. The artist's wife told me she saw the white hand of a dead lady among the curtains more than once, and couldn't sleep for fear. So they left with a week's rent unpaid. And serve the Annings right for trying to get lodgers in such an uncanny place."

"Perhaps they invented the stories because they did not want to pay the rent?" Harry suggested.

"I know nothing about that, sir. But a dairymaid they had three years ago had to send for Dr. Parsons, for she was taken with hysterics at something she saw in the kitchen at night. She stayed here in this house for four nights, being too ill to travel, and she wouldn't enter the Manor Farm again. I looked after her myself, and heard her moaning about how the devil himself appeared to her in the form of a monk and laid icy fingers on her, and wanted to drag her away with him. Then a ghost in grey that cried and wept appeared before them, and they both vanished, so the girl swore, and left an awful smell of sulphur in the air! Of course, it sounds like a lot of rubbish. But this I know—that Mr. Anning came over and did all he could to stop the girl's mouth, and he and his wife paid her fare home, and gave her a handsome present besides. You may depend upon it, when a place gets such a bad name for being haunted as the Manor Farm has, there's something in it."

"I hope so with all my heart," Harry said warmly. "It would be too bad if there were all that smoke without fire. What you have told me, Mrs. Gutenberg has made me determined to go and live at the Manor House Farm until I see something on my own account."

count. Monks that strangle, devils with icy fingers—one would expect their fingers to be hot—weeping women in grey, dead ladies' hands, and a smell of sulphur! If I don't see something after all this I shall be bitterly disappointed! We don't raise ghosts in New York, where I come from, and I shouldn't like to leave England without meeting one."

Mrs. Gutenberg's desire to prevent her lodger from changing his quarters was comprehensible enough; and Harry was destined to receive another and far more impressive warning against a residence at the Manor House Farm that afternoon.

He was sitting in the garden of the "Royal Hotel" after lunch, smoking cigarette, and drinking his coffee, while he pored over a local guide book. The man who compiled it wasted but little admiration on ancient manor-houses, but became eloquent on the subject of Mr. Gardiner's wholesale ironmongery stores at Seacombe, and on the holding capacity of various brand-new Wesleyan and Baptist chapels in the neighborhood. The garden in which Harry was absorbing this information was of a three-cornered shape, the point being at the junction of the Crayborne with another road. A thick hedge enclosed the garden, but it was quite possible for passers-by to distinguish through the twigs the figure of the young man, seated on a bench behind the wooden table, and Harry suddenly felt the impulse of some object thrown from behind his back, which struck his shoulder before falling to the ground at his feet.

## LA GRIFFE'S VICTIMS

Left Weak, Miserable and Prey to Disease in Many Forms.

One of the most treacherous diseases afflicting the people of Canada during the winter months is la grippe, or influenza. It almost invariably ends with a complication of troubles. It tortures its victims with alternate fevers and chills, headaches and backaches. It leaves him an easy prey to pneumonia, bronchitis, and even consumption. Indeed the deadly after-effects of la grippe may leave the victim a chronic invalid. You can avoid la grippe entirely by keeping the blood rich and red by an occasional use of Dr. Williams' Pink Pills. If you have not done this and the disease attacks you, you can banish its deadly after-effects through the use of this same great blood-building, nerve-restoring medicine. Here is proof of the wonderful power of Dr. Williams' Pink Pills over this trouble.

Mr. Emmanuel Laurin, St. Jerome, Que., says: "I was seized with a severe attack of la grippe. I was obliged to stop work and remain in my bed for several weeks, and while I appeared to get over the first stages of the trouble, I did not regain my usual health. I suffered from headaches, loss of appetite and extreme weakness. I did not sleep well at nights, and would arise in the morning feeling tired and worn out. This continued for about two months during which time I was taking treatment, but apparently without avail. Then I was advised to try Dr. Williams' Pink Pills, and I got a half dozen boxes. By the time I had taken three boxes there was a decided improvement, and actually before I had completed the sixth box I was enjoying my old-time health. I was strong as ever, could sleep well and eat well, and no longer suffered from lassitude and headaches. I have proved the value of Dr. Williams' Pink Pills for the pernicious after-effects of la grippe, and can therefore recommend them to other sufferers."

Dr. Williams' Pink Pills cure by going to the root of the trouble in the blood, which they enrich, and make red and pure. These pills cure all troubles due to bad blood, and if you are ailing you should start to cure yourself to-day by taking this great medicine. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

So he claims to be the only perfectly umpire in the game? On what does he base the claim?"

"He says he's always abused by both sides instead of by only one."

## Make Farm More Attractive

We must make the farm more attractive—the home building and the farm building. We must make those two great features of our national life more attractive so that they shall not only hold the young men and women

who are being reared on the farm, but will also draw from the cities large numbers of young men and women who are hardly making a decent living. We must send back to the farms men and women who will aid in the great work of producing food for the world.

## HAPPY THO' MARRIED?

There are unhappy married lives, but a large percentage of these unhappy homes are due to the illness of the wife, mother or daughter. The feelings of nervousness, the befogged mind, the ill-temper, the pale and wrinkled face, hollow and circled eyes, result most often from those disorders peculiar to women. For the woman to be happy and good-looking she must naturally have good health. Dragging-down feelings, hysteria, hot-flashes or constantly returning pains and aches—are too great a drain upon a woman's vitality and strength. Dr. Pierce's Favorite Prescription restores weak and sick women to sound health by regulating and correcting the local disorders which are generally responsible for the above distressing symptoms.

"I suffered greatly for a number of years and for the past three years was so bad that life was a misery to me," writes Mrs. B. F. Dickover, of Utica, Ohio, Route 4. "The doctors told me I would have to go to a hospital before I would ever be better. A year ago this winter and spring I was worse than ever before. At each period I suffered like one in torment. I am the mother of six children. I was so bad for five months that I knew something must be done, so I wrote to Dr. R. V. Pierce, telling him as nearly as I could how I suffered. He outlined a course of treatment which I followed to the letter. I took two bottles of 'Favorite Prescription' and one of 'Golden Medical Discovery' and a fifty-cent bottle of 'Smart-Weed,' and have never suffered much since. I wish I could tell every suffering woman the world over what a boon Dr. Pierce's medicines are. There is no use wasting time and money doctoring with anything else or any one else."

The Medical Adviser by R. V. Pierce, M. D., Buffalo, N. Y., answers hosts of delicate questions about which every woman, single or married ought to know. Sent free on receipt of 50 stamps to pay for wrapping and mailing only.

MRS. DICKOVER.

THERE'S no mistaking the expression of a man whose farm is well "improved." He looks as prosperous as he feels.

It isn't the size of a place that counts most, nor its actual dollars-and-cents value. It's rather that "well-kept" thrifty appearance; the appearance that makes you think of fat stock, and well-filled barns, and comfortable, contented living.

Neat, permanent improvements go further in giving a farm this appearance than any other feature.

## Concrete Is The Ideal Material

for such improvements. It is neat, harmonizing with its surroundings in the country. Everlasting, it cannot be injured by fire, frost, wind or lightning. Age—instead of causing it to decay—actually makes it stronger.

Concrete never needs repair—first cost is last cost. New improvements can be added year after year with less expense than would be required to keep wooden structures in repair.

Concrete walks, feeding floors, dairy-barns, ice-houses, root-cellars, well-curbings, fence posts, silos—which of these does your farm need most? Whatever you want to build, it's best to build it of concrete.

Do you want to know more about this subject of permanent farm improvements? Then write for your copy of

## "What The Farmer Can Do With Concrete."

It's a book of 160 pages, telling how other farmers have used the "handy material" to good advantage. Published to sell at 50c. A copy is now being offered free to all farmers who write for it. Address

Canada Cement Co., Ltd., 53-55 National Bank Building, Montreal.

# ONTARIO IS GRANTED ACCESS TO PORT ON HUDSON BAY

Eastern Province is Given Strip of Land Five Miles Wide  
For Continuance of Her Government Railway—  
Will Also Have Ten Mile Water Front

Ottawa.—In the extended territory of Manitoba the demands of Ontario have not been forgotten, as the announcement made by Premier Borden in the house during the discussion of the resolution demonstrated. Ontario will not have a port on Hudson Bay, but she will be granted a strip of land 5 miles wide, for the continuance of her government railway to that port, and a 10 mile water front along the mouth of the Nelson. This, in effect, was the gist of the announcement made by the premier, an announcement which has resulted in much comment throughout the corridors. It was reported several days ago that Ontario would be satisfied by the granting of a right-of-way to the bay, but that province has been granted more. She has been granted a subsidy of land, not 200 feet, the right-of-way width, but 5 miles wide, which will extend for nearly 100 miles, and which will involve substantially a grant of land of 3,200 acres to the mile, or of 220,000 acres in all.

The order-in-council from which the premier made his announcement provides for the transfer to the Ontario government, a minister of that government, or a commission, a piece of land of the uniform width of 5 miles, commencing at a point to be determined by the government of Ontario from the proposed boundary of Manitoba to the Nelson river. Ontario is, however, restricted in her choice of starting point, since it is required that the strip only shall run not more than 50 miles at any point from the bay. On reaching the Nelson a further strip, not more than half a mile wide, shall be granted on

the east side for a distance of not more than 10 miles as a continuous water front along the river or shores of the bay. The province in this connection will be granted such interest in the river as will permit of the erection, maintenance, and operation of docks, elevators, etc.

In the event, however, of the terminus of the Hudson Bay railway being established at Churchill, and if the province of Ontario chooses that point also as a terminus a right-of-way 200 feet wide will be granted from the Nelson river to a junction of the Hudson Bay railway and the Ontario government line have running rights over it. In the event of the province deciding to construct its railway beyond the borders of its own province the government will create such legislation as will favor the province to gain all the rights necessary for the operation of that road.

In the order-in-council no condition is imposed upon the province to build the railway. All that is required is that the land needed be chosen within 5 years. After that the province controls and owns the strip without being compelled to build.

The jurisdiction of Manitoba will extend to the territory granted Ontario insofar as separate schools are concerned.

"One of the most extraordinary legislative jumbles" was the opening comment of Sir Wilfrid Laurier when the announcement was made. It meant, he said, that one province should have sovereignty over land within the boundaries of another. Mr. Borden disagreed. It was the same, he said, as making a grant to a province for railway construction instead of to an individual.

## PREVENT PRAIRIE FIRES

Railways Must Have Plowed Fireguards Along Their Lines in Alberta and Saskatchewan.

Ottawa.—To prevent prairie fires starting and spreading from sparks thrown from engines the railway commission has issued a drastic fire guard regulation affecting all railways operating under its jurisdiction in the provinces of Alberta and Saskatchewan.

The order provides "That every railway company, subject to the legislative authority of Canada, operating steam lines in the provinces of Alberta and Saskatchewan shall, on or before Aug. 1 of each year construct along each side of the right of way in these provinces, and not less than 400 feet distant from the centre, a fire guard consisting of a plowed strip of land not less than 16 feet in width."

This fire guard must be kept free from dry grass, weeds, and other combustible material between Aug. 1 and Dec. 1 of each year. A penalty of \$25 in civil damage is placed upon any employee of the companies who leaves gates open of cuts fences, resulting in injury to cattle. The companies are subject to a penalty of \$100 for each infraction of the order.

To obviate the necessity of employees of railways going under engines to empty ash pans, a work which endangers life, the board orders that all engines be equipped before Dec. 31, 1913, with ash pans which may be dumped without going underneath. No engine not so equipped can be used after the date fixed by the order.

## AGAINST ENTRY OF HINDOOS

F. C. Blair Adverse to Allowing Wives of Hindoos to Enter.

Ottawa.—The report of F. C. Blair, who was appointed a special commissioner to inquire into the subject of immigration of Hindoos to Canada, is in the hands of the Minister of the Interior.

It is understood that the report is adverse to further opening of the door to the Hindoo people and states that the admission of the wives of those now in Canada will be a step in the direction of re-opening the whole issue. The contentions of Dr. Sunder Singh and his associates are not upheld.

## WANTS FARM IMPLEMENTS

Russia to Examine Into Merits of Machines From Different Countries

St. Petersburg.—The Minister of Agriculture has introduced a bill in the Duma providing for the grant of 120,000 rubles (\$60,000) for the purpose of examining into the merits of agricultural machinery constructed in Canada, England, Germany, Austria and Sweden.

The bill favors Russian machine building in view of the uncertainty of arranging a commercial treaty with the United States to take the place of the abrogated treaty of 1832.

## Would Stop War.

Paris.—The Matin understands that Great Britain, France and Russia, acting together, are ready to make energetic presentations to Turkey to bring the war to an end. They only await the adhesion of the German and Austrian Governments before taking a decisive step.

## CHINA IS DISPLEASED

Because of Alleged Ill-Treatment of Chinese Residents by Dutch Authorities in Java.

Nanking.—The Republican cabinet is engaged in considering the immediate cancellation of Chinese treaty relations with Holland and the Netherlands. The cabinet is also considering the alleged ill-treatment of Chinese residents by the Dutch authorities in Java. It is stated that three Chinese have been killed and hundreds of others arrested and imprisoned in that place because they celebrated the abdication of the Chinese throne. The members of the Republican cabinet are most indignant. They asserted that the Chinese in Java are treated "like wild beasts." Dr. Sun Yat Sen and Yuan Shi Kai are co-operating in the revision of the constitution. Yuan Shi Kai is sending funds to Nanking.

## CONNAUGHT TO VISIT WEST

Western Tour Will Begin in September and Extend to Prince Rupert.

Ottawa.—A busy summer is before their Royal Highnesses, the Duke and Duchess of Connaught. They will traverse Canada from the Atlantic to the Pacific, visiting every province, and will hold dinners or levees at provincial capitals or principal cities. Early in May their Royal Highnesses will go to Montreal for horse show week. They will return to Ottawa, and, after opening the horse show here, will go on to Toronto for the horse show in that city, where they will spend the week.

Immediately after they go to London and Guelph for ten days. In August the Royal Household will leave for the Maritime provinces, where they will visit St. John, Halifax and Charlottetown. They will do most of their travelling in the East by one of the Government steamers.

His Royal Highness will spend a few days fishing in New Brunswick, staying on Lord Strathcona's estate.

Early in September the Household will start for the West. Details of the trip have not been worked out. They will leave immediately after the Toronto Exhibition, which the Duke of Connaught will open. They will make the first stop at Winnipeg, and proceed to the Coast, with various stops, to Vancouver, Victoria and Prince Rupert. Either going or coming they will make stops at Saskatoon, Edmonton, Regina, Calgary and other points of importance. The Western trip will last from six weeks to two months.

## BUSY AT LE PAS

Macmillan Bros. Rushing Construction Work on Section of H. B. Line

Prince Albert, Sask.—Macmillan Brothers, who have a sub-contract from J. D. McArthur for the building of the first 185 miles of the Hudson Bay line from Le Pas, are now bringing in men and are locating camps at the ten, twenty, thirty and forty mile points along the route with a view to pushing construction work at once.

The construction of the bridge at Le Pas is also proceeding, there being only one pier to finish, and it will be complete in about four weeks. The superstructure is expected to arrive any time now.

## TO BENEFIT THE SETTLER

Encourage Homesteaders to Acquire More Property

Ottawa.—Hon. Robert Rogers is contemplating certain changes in homestead regulations that will tend to make the regulations more elastic so far as homesteaders are concerned and aim to benefit the settler who enters the country with small capital. Robert Cruise, M.P. of Dauphin has been advocating since his arrival in the house this session, an arrangement whereby men settling on scrub lands such as are open to homestead purposes east of Lake Winnipeg be not required to break up the same amount of land each year as is required of the prairie settler.

Cruise points out that whereas prairie breaking may be done for \$4 an acre, it costs from \$10 to \$15 an acre to break up scrub land. As the regulations stand at present, therefore, much more is required financially of a scrub homesteader than of a prairie homesteader, when, as a matter of fact, the former should receive more encouragement than the latter.

The suggestion of Cruise is that improvement be capitalized and that the regulation of the amount be based accordingly. In this manner, the usual 30 acres would not be required of a man who settled on scrub land.

It is believed that another change contemplated is in connection with homesteads taken by farmers owning land adjacent. At present a man is allowed to live on his farm and homestead at some distance away, provided that his payments on the original property are up to date. It has been asked that the arrangement go further and that if the owner of the land is making his payments to the satisfaction of the man from whom he purchased it, whether he is up to date or not, he be allowed to have a second homestead.

## TO BUILD LINE TO PEACE RIVER

French Syndicate Capitalized at \$5,000,000 to Build Western Railway

Edmonton, Alta.—A French syndicate incorporated under the name of the Pacific and Peace River Railway Development Syndicate is completing the organization of a railway company capitalized at \$5,000,000, this capital being subscribed exclusively in France.

The purpose of the company is to build a railway from Dunvegan to Bellacoola, B.C., the route followed being the shortest from Peace River to the Pacific. A federal charter was granted last year to the syndicate by the Dominion Government and gives power to the Pacific and Peace River Railway Company to construct and operate a railway from Bellacoola on Burk Channel, B.C., to a point at or near Dunvegan, touching at Fort Fraser, Stuart Lake, Fort McDonald, and passing through the Pine Pass, the total distance being in all about 480 miles.

## AVIATION FLEET FOR BRITAIN

England Is To Compete With France and Germany in Aeroplanes.

London.—Great Britain contemplates competing with France and Germany in building up an aviation fleet. It is expected that the forthcoming estimates will contain a liberal provision for the purchase of aeroplanes. Ten have already been ordered and before summer the army will possess from 24 to 30, which will be built to meet the requirements of the army.

The activity of Europe in this direction is shown by the announcement of M. Millerand, the French minister of war, that \$4,400,000 would be expended for aviation during the coming year, and that Germany intends to increase her expenditures for this purpose from \$2,200,000 to \$3,700,000.

## WANT 50,000 WORKMEN

Grand Trunk Pacific Railway and Canadian Northern Anxious to Complete Line.

Winnipeg, Man.—The railway companies are now faced with the problem of securing between fifty and sixty thousand men to carry out the vast development programme mapped out by the companies in the Canadian west during the summer of 1912. The work to be undertaken this year is greater than ever before, and it is doubtful whether the supply will nearly meet the demand. The Grand Trunk Pacific and Canadian Northern are willing to take on all they can possibly get, as both companies are desirous of rushing through their main line to completion.

## TO PREVENT EMIGRATION

Official Action Being Taken to Prevent People of the Western States Flocking to Canada.

Washington.—With the co-operation of more than 25 states, the federal authorities have entered upon a systematic campaign to prevent the emigration of persons from the United States to Canada. It is estimated that 7,500 farmers went to northwest Canada between July 1, 1910, and July 1, 1911, and hundreds of thousands before that time. To divert emigration to different parts of the United States the department of commerce is co-operating with the state department of agriculture and bureau of immigration.

## Higher Tariff For South Africa.

Capetown.—The tariff commission of the Union of South Africa recommends that heavy increases be made in the duties on imported merchandise, with a view to stimulating South African industries.

## QUEBEC AND UNGAVA LAND

Sir Lomer Gouin Says That Province Expects All Islands as Well.

Quebec.—While the news of the annexation of Ungava has been welcomed here Premier Gouin had something to say as to the rest of the boundary resolutions.

"I see," remarked Sir Lomer, "that we are given the territory up to Hudson's Bay but what about the islands, of which there are hundreds along the shore of Ungava? They are not even mentioned in the Federal resolutions."

"In the resolution, which we adopted in the House a couple of years ago, we expressed our desire to obtain these islands, which belong to us just as much as the shore."

"We asked for all the islands in the Hudson's Bay to the east of the continuation of the boundary line between Quebec and Ontario. This would give us not only the islands along the shore line but also those out in the open."

"I think the omission is inadvertent and it will only be necessary to call the attention of the Government to it in order to get our rights. Otherwise the islands will remain in the unorganized territories and there is not much sense in that."

## GENERAL CHEN DISAPPEARS

Foxy Chinese Commander Was Detected in Huge Graft Scheme.

Shanghai.—The impression prevails here that graft will not be tolerated by the Republican officials, following the strange disappearance of General Chen, who was made military commander of this city when the rebels gained control.

Gen. Chen was commanded to buy arms for the troops at Wu Chang. He purchased a large quantity of obsolete rifles which were thrown into the river by order of Gen. Li Yuan Hung. General Chen got the guns for 17 taels each and sold them for 30 taels each. Soon afterwards he disappeared. His friends were told that the General was "very sick." All efforts to locate him having failed, it is now believed he has disappeared.

## PRAIRIE FIRE PREVENTION

Deputation From Prince Albert Waits Upon Hon. Robert Rogers.

Prince Albert, Sask.—After attending the annual Conservation Convention at Ottawa and forming part of a deputation which waited on the Hon. Robert Rogers, Minister of the Interior, to ask for better fire guarding in this district, A. L. Mattes, manager for the Prince Albert Lumber Company has returned to the city.

"We submitted a plan to Mr. Rogers," said Mr. Mattes, "and we have every confidence that it will be adopted. If it is adopted this district will have its timber better guarded against fire than has ever been the case before."

## BRITAIN BUYING COAL.

Steamers Chartered to Convey Supply From Norfolk, Va., to Gibraltar.

Norfolk, Va.—The British government has begun buying coal at this port and four British steamers have been chartered to come here and take it to Gibraltar where it is to be delivered to the British admiralty. Three or four steamers are expected to take approximately 25,000 tons. That the British navy is in urgent need of this fuel would seem to be made apparent by the freight rate which the government has undertaken to pay the steamers, which is \$5 a ton. This is only 40 cents less than the ocean rate to San Francisco.

## MEDALS FOR SHOOTERS.

To Be Awarded by Department in all Arms of Canadian Service.

Ottawa.—Military orders just issued announce that there will be medals awarded to the best shooters in each regiment or squadron of cavalry, regiment or battery of artillery, company of engineers, regiment of infantry, and company of the Army Service Corps of the Active Militia.

The badge will be awarded to the man obtaining the highest figure of merit which will be arrived at by dividing the total number of points obtained by the rounds fired.

## KANSAS CITY EMIGRANTS

About 800 Cars of Settlers and Effects Booked for Canadian West.

Winnipeg.—The Immigration commission has announced that one immigration agency at Kansas City has already 800 cars of settlers and settlers' effects ready to come to Canada, and will have ultimately 150 cars for Saskatchewan and Alberta points.

## Open Up Dry Farming Lands.

Winnipeg.—To its 6,000 miles already in operation in Western Canada the C.P.R. will have added 700 miles more by Dec. 1st of this year.

Following the policy which would make a reality of a double track all along the main line right through the wheat belt from Calgary to the head of the Lakes, the C.P.R. this year has added 73 miles to its double tracks east from Regina. Another notable fact is the Weyburn-Lethbridge line which will cover a distance of approximately 300 miles when completed, will have an addition of a straight 100 miles this year. This will take steel within 125 miles of Lethbridge, its terminus. All through this territory the road will open up some famous dry farming country in Southern Saskatchewan and Alberta.

## THE SUNDAY SCHOOL

LESSON X.—FIRST QUARTER, FOR MARCH 10, 1912.

Text of the Lesson, Mark I, 29-45. Memory Verses, 40, 41—Golden Text, Matt. viii, 17—Commentary Prepared by Rev. D. M. Stearns.

The events of this lesson, the healing of the fever stricken and all manner of diseased people and spirit possessed people and the healing of a leper, are all samples of the kingdom which was at hand, but which did not come because they would not have Him. Verse 39 of our lesson summarizes it briefly, "He preached in their synagogues throughout all Galilee and cast out demons." It is more fully stated in Matt. iv, 23, "And Jesus went about all Galilee, teaching in their synagogues and preaching the gospel of the kingdom and healing all manner of sickness and all manner of disease among the people." It was predicted by the prophets that in the kingdom the blind would see, the deaf hear, the dumb sing, the lame leap as a hart, and no one complain because of sickness, for iniquity would be forgiven (Isa. xxxiii, 24; xxxv, 5, 6). It was also predicted that in the kingdom wolves and lambs, leopards and kids, calves and lions, cows and bears and little children would all live in peace together (Isa. xi, 6-9; lxxv, 25). No one seems to expect these last mentioned things until Jesus shall come again, but many are wondering why they cannot be healed of all diseases even though the kingdom has not come. They ask often complacently, "Is not the body as well as the soul included in the atonement?" Yes; the great atonement will reach the body, too, and in the resurrection these bodies of our humiliation will be fashioned like His glorious body, but till then we must wait patiently in strength or weakness, as He may in His infinite love and wisdom decide. Some are healed by His hand without a physician and some by His blessing upon the physician's skill and medicine, while some continue in weakness, and many are passing out from the mortal body. The truly devout soul says under all circumstances, "Even so, Father," and rejoices in the perfect will of God.

Our lesson verses 29 to 31 tell of His going from the synagogue to the home of Simon and Andrew, where Simon's wife's mother lay sick of a fever. He took her by the hand, rebuked the fever, and immediately she was well and ministered to them. Compare the ministry of angels in verse 13. Think of Samuel as a little boy ministering to the Lord (I Sam. iii, 1) and let all our service be "unto the Lord" and "before the Lord." Possibly more might be healed if we saw that they would minister unto Him, for He is seeking in every way to bring people unto Himself that He may fill them with His fullness (Ex. xix, 4; I Pet. iii, 18).

Verses 32 to 34 tell of all manner of diseased and demon possessed people being brought to Him to be healed, and it is written here and in the parallel accounts in Matthew and Luke that He laid His hands on every one of them and healed them (Luke iv, 40); that He cast out the spirits with His word and healed all that were sick, that it might be fulfilled which was spoke by Isaiah the prophet, saying, "Himself took our infirmities and bare our sicknesses" (Matt. viii, 16, 17; Isa. liii, 4). If they had only received Him as their Messiah the Lord would have made bare His holy arm in the eyes of all the nations, and all the ends of the earth should have seen the salvation of our God (Isa. lii, 10), but because He is still the despised and rejected one of Israel we continue in faith and patience to wait for His return. He needs no testimony from His adversaries, so He suffered not the demons to speak even though they said, "Thou art Christ, the Son of God."

Lesson verses 35 to 39 tell of His early morning praying a great while before day, having gone off to a solitary place. Since He felt the need of being away from even these few disciples that He might the better commune with His Father, how can we know much of real communion with God in the constantly busy life that so many lead? It is true that we can pray to God anywhere and at any time, but see how He went away alone. Simon and the others found Him and told Him that people were looking for Him; then He said: "Let us go into the next towns." "I must preach the kingdom of God to other cities also." We must not forget that "the field is the world" and our orders are, "Go ye into all the world." The four lepers of Samaria should put us to shame with their words: "We do not well. This day is a day of good tidings, and we hold our peace" (II Kings vii, 9). Our lesson chapter closes with the record of a healed leper who published and blazed abroad the fact of his being healed so widely that Jesus had to stay away from the cities, and the people came to Him from every quarter. He is still the same Jesus, full of compassion as when He said to that leper, "I will, be thou clean," and as quickly as the leper was healed (immediately) just as quickly can a sinner be saved. Without money and without price He gives eternal life to all who receive Him. The strange thing is that those who profess to have been saved by Him have not the zeal of this leper nor gratitude enough to tell others the glad tidings.

## Comes To Canada For Militia Service

London.—Major Vaudrey of the Army Service Corps is to serve two years with the Canadian forces.

## LINOLEUMS

Our Spring Stock of Linoleums and Oilcloths have arrived and no housewife while buying her new spring house furnishings can afford to pass up our store. Our stock comprises over 15 different patterns and is the best in Innisfail.

We were fortunate in securing a reduction in buying the above lines and can now sell cheaper than the other fellows.

## FAMOUS PEOPLE

BY FANNIE M. LOTHROP

COUNTESS OF MINTO

One of Canada's Popular Viceresses.

Rideau Hall, the simple, unimposing yet comfortable official residence of the Governor-General of Canada is a two-story, long, low, villa-like house, with its eighty-seven acres of ground, and was built in 1838 and bought by the Government forty years later. It has been fortunate in its tenants, and one of the most popular of the vicereines who have dispensed gracious hospitality within its walls is Lady Minto, sister of Earl Grey.

The youngest daughter of the late General, the Honorable Charles Grey, she was born in 1878 and when twenty-five was married to Viscount Melgund who succeeded as fourth Earl of Minto in 1891. Her close and affectionate relation to Canada dates from a time shortly after her marriage, on her husband's appointment as Military Secretary to the Marquis of Lansdowne, then the Governor-General, little dreaming that within a few years he himself would occupy the exalted position of viceroy. In 1886 the Mintos returned to England and twelve years later came back to Ottawa as the representatives of Her Majesty Queen Victoria, in Canada.

An excellent housekeeper, a wise and devoted mother, and a charming hostess was Lady Minto. On coming to Rideau Hall she had it transformed by a thorough renovating and re-decorating, and at such small expense that the department of public works expressed delight at the marvel of results for a minimum of cost. The tradespeople protested against the careful marketing of the household, which, though ever ample, had no trace of the wasteful extravagance of other viceregal regimes. The home-life at the Hall was simple, and the happy laughter of the five children was never hushed. The training of the young people was unlike that common in English families of rank; they were the close comrades of their parents, and in a free natural companionship were present at all social affairs at Government House except the formal functions of State.

The public benevolence of Lady Minto centered chiefly in her splendid work for the Victorian Order of Nurses, and through her inspiration and initiative numerous cottage hospitals have been established in sparsely settled districts where they were greatly needed. Her purse is ever open to works for the betterment of humanity, and her heart, head and hand cooperate in her charities. The plans for beautifying the city by stimulating the individual action of its citizens owes much to Lady Minto's offer of prizes for the most attractive lawns and gardens. Tall, stately, with a rare charm that pervades her presence like some delicate perfume, she impressed her personality on a large list of Canadian friends and admirers who will ever remember her most kindly.

Entered according to Act of the Parliament of Canada in the year 1903, by W. G. Mark, at the Department of the Interior.

## Strong Combination

We call the attention of all news paper readers in this town and district to the fact that we have made special arrangements with The Weekly Mail and Empire, of Toronto, to combine with our paper at a popular bargain price. We here offer The Weekly Mail and Empire and The Bowden News the two together, for one year at the nominal rate of \$1.50 to include FREE a large portrait of the Right Hon. R. L. Borden, 18x24 inches, which will be sent postpaid to every subscriber who takes advantage of the proposition.

Now here is a chance to obtain the two most useful newspapers to readers in our community, and we state this advisedly, for The Weekly Mail and Empire is conceded to be the greatest home and fireside paper published in the Dominion, while ours, covering as it does all the local news, and advocating the best interests of this important district, will best serve all residents within the horizon of our circulation.

OLDS ALBERTA

Experienced mothers say Zam-Buk is best for children's injuries and skin troubles, because:

It is herbal—no poisonous mineral coloring.

It is antiseptic—prevents cuts and burns taking the wrong way.

It is soothing—ends pain quickly.

It heals every time.

Just as good for grown-ups.

Sold at all stores and druggists.

**Zam-Buk**

"Before we were married," sighs the fond wife, "you used to call me up by long-distance telephone just to hear my voice." "Well," retorts the rebellious husband, "nowadays you don't let me get far enough from you to use the long-distance."

It Bids Pain Begone.—When neuralgia racks the nerves or lumbago cripples the back is the time to test the virtues of Dr. Thomas' Electric Oil. Well rubbed in it will still the pain and produce a sensation of ease and rest. There is nothing like it as a liniment for its curative properties are great. A trial of it will establish faith in it.

English engineers have succeeded in building a paper-making machine that will turn out 650 feet of newspaper 175 inches wide, a minute

## THE WORLD'S WORK DEPENDS ON THE WORLD'S DIGESTION

From the captain of industry to the hod carrier—from milady in the auto to the woman with the scrubbing brush—the accomplishments of every one of us depend absolutely on the accomplishments of our stomachs. Backed by a good digestion, a man can give the best that is in him. When his stomach fails, he becomes a weakling.

To this loss of power no one need submit. Right habits of eating, drinking, sleeping and exercise, aided by Na-Dru-Co Dyspepsia Tablets, will restore and maintain the full efficiency of the human mind and body.

Na-Dru-Co Dyspepsia Tablets contain the active principles needed for the digestion of every kind of food. They go to the assistance of the weakened stomach, and enable the sufferer, right from the start, to assimilate and get the benefit of the food eaten. With this assistance, the digestive organs regain their tone, and soon the use of the tablets is no longer necessary.

If your stomach is not working properly, try Na-Dru-Co Dyspepsia Tablets, 50c. at your druggist's. National Drug and Chemical Co., of Canada, Limited, Montreal.

W. N. U. No. 598

### Rotation of Crops

"The rotation of crops is one of the three essentials to any agriculture worthy of name. Our low average yields is due to the antiquated system all too prevalent of raising the same crop indefinitely on the same land until it has been worn out or so reduced until the owner is in danger of poverty. There is no exaggeration in the statement that our farm production could be made two-fold what it is by the mere application of more careful methods without any extensive cultivation whatever."—James J. Hill.

**PILES CURED IN 5 TO 14 DAYS**

Your druggist will refund money if PAZO OINTMENT fails to cure any case of itching, blind, bleeding or protruding piles in 5 to 14 days. 50c.

Whatever might be said to the discredit of Chinese war methods, they have been killing no one but Chinamen.

### A SAFE MEDICINE FOR LITTLE ONES

Baby's Own Tablets are a safe medicine for little ones—the mother may feel sure of that. They are sold under an absolute guarantee of a government analyst not to contain narcotics or other harmful drugs—they cannot possibly do harm—always good. Thousands of mothers who have used them can vouch for this and once a mother has used them for her little ones she always keeps them in the house. The Tablets quickly relieve and cure all the minor ills of babyhood and childhood. They sweeten the stomach, regulate the bowels, expel worms, break up colds and make baby healthy, happy and fat. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

In addition to equipping her Red Cross corps with ordnance cars to enable surgeons to respond quickly to calls for aid, Italy will add motor-ambulances for clearing battlefields of wounded men.

**A Real Asthma Relief.** Dr. J. D. Kellogg's Asthma Remedy has never been advertised by extravagant statements. Its claims are conservative indeed, when judged by the cures which it performs. Expect real relief and permanent benefit when you buy this remedy and you will not have cause for disappointment. It gives permanent relief in many cases where other so-called remedies have utterly failed.

### The First Consideration

**Shiloh's Cure**

quickly stops coughs, cures colds, heals the throat and lungs 25 cents.

### Making a Backbone

If it is true, as we are convinced it is, that "Agriculture is the backbone of nations," then it is time that the brainiest and most energetic young men of all nations should be sent to agricultural colleges to study farm science and farm management.

## RINGING THROUGH BONAVENTURE CO.

**SPLENDID WORK DODD'S KIDNEY PILLS ARE DOING**

Mrs. Norman L. Dow Tells What They Have Done for Her—People Talking of Them on Every Side

Port Daniel West, Bonaventure Co., Que., (Special).—Bonaventure County is ringing with the great work done by Dodd's Kidney Pills, and on every side people are telling their neighbors of aches relieved and ills cured by the great Canadian kidney remedy. To the mass of evidence already published is now added that of Mrs. Norman L. Dow of this place: "I can recommend Dodd's Kidney Pills as an excellent remedy for rheumatism and palpitation of the heart," said Mrs. Dow. "After using one box I was greatly benefited."

Dodd's Kidney Pills cure rheumatism and palpitation of the heart, because they both come from the same cause—impure blood. Dodd's Kidney Pills make the kidneys right, and when the kidneys are right they strain all the poison and impurities out of the blood. Cure the kidneys with Dodd's Kidney Pills and you can't have such diseases as rheumatism or palpitation of the heart.

Policeman—How many people were in the car that ran over you.  
Victim.—What's the population of the United States?

## THE PLOW THAT PROVES ITS WORTH

This is our new model "Double Ball Gang Plow." Every farmer who orders one of these Plows is asked to take it out in the field and test it. We expect him to compare its work with that of any other high-grade Plow, and we leave our Plow to speak for itself. Ten days of this kind of test under actual working conditions ought to bring out the good points, or the bad points of any Plow. After working our Plow for ten days, if any farmer thinks he is not getting a thoroughly good Plow, and at a price that saves him money, we don't want him to keep it. If he says he would rather return it, we will take the Plow off his hands, will give him back the purchase price in full; and will pay the freight both ways on the returned Plow.

This is the EATON way of doing business—an absolutely fair and square deal by which no customer can possibly lose. Most people will agree that such an offer is better by far than the ordinary see-before-you-buy proposition. "Seeing is believing"—ONLY believing. But to test an article is to PROVE it beyond doubt, and the EATON PLOW is THE PLOW THAT PROVES ITS WORTH.

We are particularly anxious that every farmer should know that he is safe in buying Plows from us. But that is not the chief reason why we expect his order. The chief reason is the Plow itself. It is a remarkably good Plow. Try it yourself and be convinced. Another reason is our low price. We sell for cash direct to the farmer. That explains why our Gang Plow sells at \$65.00, and a Sulky of the same pattern at \$43.00.

### DO YOU NEED A GOOD PLOW?

If so, write us and address your letter to Department 41. Tell us what style and size of Plow you want, and we will give you full particulars and show you exactly what the Plow will cost after you have paid the freight. Our Plow is a good one, and our business methods are so straightforward that any farmer who needs a Plow will find our offer well worth his careful consideration. We have a stock of repairs for all our implements. If any part of an EATON implement breaks because of defect, we will replace it free of charge.

WHEN WRITING PLEASE ADDRESS DEPARTMENT 41.

**T. EATON CO. LIMITED**  
WINNIPEG CANADA

## WHAT ARE YOUR KIDNEYS FOR?

To filter poisonous acids and waste matter from the system. What happens if the kidneys are not in perfect condition? They cannot properly filter the poisons from the blood. What then? First backaches, pains in the joints and muscles, frequent headaches, then spots before the eyes, rheumatic pains, then chronic kidney disease in which—at great expense—only temporary relief can be had. Finally, constant suffering ending in premature death.

The alternative, when the kidneys begin to wane of their unhealthy condition, is to take DR. CLARK'S SWEET NITRE PILLS. They will help the kidneys and keep them healthy for the future. Sold everywhere at fifty cents a box or mailed direct by

**THE MARTIN, BOLE & WYNNE CO., WINNIPEG, CANADA**

All the oars used in the British navy are made of white spruce grown in the Queen Charlotte Islands, off the coast of British Columbia.

Photographically to measure and record the vibrations of a machine or building is the purpose of a simple apparatus invented in England.

## Synopsis of Coal Mining Regulations

(1902) Mining rights of the Dominion of Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and the North-West Mounted Police are leased for a term of 10 years at an annual rental of \$1 and 10 cents per acre. No more than 200 acres will be leased to one applicant.

An application for a lease must be made to the Agent or Sub-Agent of the district in which the right is applied for.

Unsurveyed territory the land must be described by sections, or legal subdivisions of sections and in unsurveyed territory the track applied for shall be staked out.

Each application must be accompanied by a fee of \$5 which will be refunded if the rights applied for are not available but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns, monthly, accounting for the full quantity of merchantable coal mined and pay the royalty hereon. If he ceases mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10.00 an acre.

The Minister may reserve for an applicant the coal mining rights under 2,500 acres of contiguous lands for two years. Application for such right must be made to the Agent. Fee \$100.00. An expenditure at the rate of \$1 an acre per annum, in prospecting by recognized methods, must be incurred.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of the Dominion Lands.

W. W. CORY  
Deputy Minister of the Interior

## Synopsis of Canadian North West Land Regulations

ANY person who is the sole head of a family, or any male over 18 years of age, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Land Agency or Sub-Agent for the district.

Entry by proxy may be made at any agency on certain conditions, by father, mother, son, daughter, brother or sister or intending homesteader.

Duties—Six months residence upon and cultivation of land in each of three years.

A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader if good standing may pre-empt a quarter section alongside his homestead. Price \$3.00 per acre.

Duties—Must reside upon the homestead or pre-emption six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may enter for a purchased homestead in certain districts. Price \$2.00 per acre. Duties—Must reside six months in each of three years, cultivate 50 acres and erect a house worth \$500.00.

W. W. CORY  
Deputy Minister of the Interior

## Olds News

W. Bruce and H. A. Samis were Bowden visitors Tuesday.

Dr. H. P. Kenny spent the past few days with his brother William at Botha Alta.

Mrs. Edwin Forster of Morin Alta. is spending a few days with relatives in Olds.

Mr. I. W. Puffer made a business trip to Yellow Grass Sask. last week.

Miss Creelman who was operated on last Sunday for an abscess of the spine is doing nicely and will be able to take up her work teaching soon.

In the Curling line Bruce rink won out in the Olds league by the winning the odd game from Samis rink 15 to 6, the final standing of the league is Bruce 666 Samis 600 Banting 333, the funny part of the finish was that Bruce won 3 straight from Samis and lost 2 out of 3 to Banting while Samis made it 3 straight against Banting Olds will have several rinks next year.

At a meeting in the Olds Town Hall Monday evening the election of the officers for the Board of Trade were as follows: President, W. C. Duncan, Vice Pres., S. Craig, E. Langdon, R. A. Craig and T. G. Weston; Councilors; R. Craig, Geo. Dake, H. Bentley, H. Samis, J. Ross, L. Walkley. A motion was carried that the P. R. be asked to give Olds a new station the present building not being suitable to the needs of the ever increasing traffic.

Olds is to have a Laurentia Milk plant, the machinery has been ordered and Mr. McLaren the President of the Co. assured us that it would be in operation by the latter part of May. They purchased the Olds creamery and will begin bottling and will build to the creamery as the trade warrants.

At a large and enthusiastic meeting of the people of Olds and dist. in the Olds Opera House Tuesday evening, Mr. C. S. Drummond managing director and Mr. Newhall Gen. Passenger agent and Traffic manager addressed the audience in regard to the proposed inter urban railroad for Olds and other points, the speakers showed the advantages gained by their system as their plan is to have the Stations about 2 miles apart, thus making it very convenient for the farmers to market their produce as well as have transportation practically at their door. The Board of Trade and Town Council have taken the matter up and will take the necessary steps to make this project a reality if possible, soon.

Mr. John Ross, Chief Inspector schools for Alta is in Olds this week.
